Attlee Tacks 14c Fee Onto State Medicine

Imports Cut To Overcome Emergency

London, Oct. 24.—(AP)—Prime Minister Clement Attlee tacked a 14-cent fee onto Britain's socialized medicine service today as part of an economic program to save the government 280,000,000 pounds (\$784,000,000) a year.

To pull the nation out of its economic spin, the prime minister also ordered a \$400,000,000 cut in dollar imports.

In terse, dry tones of austerity, Attlee presented to parliament the Labor government's scheme for preventing inflation that might result from devaluation of the pound.

“We must reduce expenditure and increase production,” Attlee told the House of Commons. The program he offered lopped off spending for national defense, capital investments, public relations and food subsidies.

Later in a radio fireside chat to the British people the prime minister declared the nation is “not yet going flat out in this fight for recovery.” He called for more effort, more production, cheaper goods and more saving.

To the already austere-weary Briton it all meant that many of the goods they have to queue up for would be even scarcer. Gasoline and some foods would cost more. They would have to pay the 14-cent fee for medicines they now get free under the national health program.

Before a jammed and tensely waiting audience in the House of Commons Attlee announced these cuts:

Defense Cut — 30,000,000 pounds (\$84,000,000). Most of the savings to be in administrative costs.

Capital Investment — 140,000,000 pounds (\$392,000,000). Hacked off of long-term projects such as improvement of fuel and power output and the building of roads, schools and hospitals.

Housing — 35,000,000 pounds (\$90,000,000). Cuts an estimated 208,000 houses off the government's program to build 180,000 annually.

Other building — 35,000,000 pounds (\$90,000,000). Represents a general tightening up on controls over construction.

Medical service — 10,000,000 pounds (\$26,000,000). Achieved by charging up to one shilling (14 cents) each for prescriptions instead of taking the cost out of tax money collected from the public for the socialized medical service.

Nehru Says World Peace Depends On Asia Poverty Fight

Ottawa, Oct. 24.—(AP)—Prime Minister Jawaharlal Nehru of India told the Canadian parliament today world peace depended upon Asia winning her battle against “dire poverty and obstructed freedom.”

Nehru said a rising Asia demanded her share of “the world's good things” and there could be no peace or stability until she got them.

He declared the removal of want and the advent of freedom were the best answers to Asia's troubles and discords. He emphasized that “to regard the present unsettled state of southeast Asia as a result or a part of ideological conflict would be a dangerous error.”

Nehru said he regarded the war in China as more of a farmer's uprising than a real communist rebellion. He accused Britain of being largely responsible for the growth of communism in her own country. He said Britain, during the war, “looked with favor” on the communist party and thus the reds strengthened themselves.

ICC Chairman Says Payrolls Slashed, Efficiency Raised

Chicago, Oct. 24.—(AP)—The Illinois Commerce Commission has slashed its payrolls “drastically” and has increased efficiency, its chairman said today.

Walter T. Fisher, Republican appointed by Democratic Governor Stevenson, said some part-time jobs were abolished and other jobs were combined. He spoke before the city club of Chicago.

The commission now has 137 employees, compared with 225 a year ago, he said. Its legislative appropriation is eight per cent below the previous biennial allotment.

Fisher said Stevenson maintains a “hands-off” policy on commission matters and that it acts independently in its decisions. He said he opposes plans to split the commission into prosecuting and judicial sections, as proposed by the Chicago Bar association. The proposal failed at the last session of the legislature. Fisher said it would be wasteful.

Prospectors Pour Into Alaska In Gold Rush

Fishwheel, Alaska, Oct. 24.—(AP)—Prospectors—amateur and professional—continued to pour into this scattered gold mining camp on the banks of the Yukon today in Alaska's 1949 gold rush by air.

Tents line the river bank for eight miles. The rush to this hitherto unprospected area began three days ago after disclosure that pea-sized nuggets were found in a fishwheel by Clifton Carroll when he started to dismantle the device for the winter.

The race to stake claims left little time for the search for gold. That will come later. As a result, no one knows how good Alaska's latest gold strike actually is.

A few persons who have done some panning report finding “color,” which consists of minute flakes of the precious metal without commercial value. Two of those are Jim Brown and Jack White, both originally from Bay City, Michigan.

They came to Fairbanks eight months ago. Their claims are above the point of Carroll's discovery.

Carroll's fishwheel was located off the south river shore near the bank of a long narrow island now known as Discovery island. The twisting, meandering river is about two miles wide at this point, 20 miles south-east of Fort Yukon, and is split into eight channels by numerous islands and sandbars.

Discovery island is heavily wooded by 12-inch cottonwoods. Thick yellow underbrush covers the banks which incline sharply to the river. A temporary landing field for light planes has been set up on a frozen sandbar adjoining the island and there were times in the last two days when it was nearly as busy as La Guardia Field.

On one occasion I counted eight planes on the ground and five in the air waiting to land.

7 Arab Nations May Sign Pact

Says U. S. Security Demands Bolder Atomic Program

Washington, Oct. 24.—(AP)—Six Republican members of congress declared today that the nation's security demands “bolder, speedier and more effective development of our atomic program” than it is getting from the atomic energy commission.

“We cannot tolerate a leisurely, wasteful and incompetent administration of our (atomic) program,” the minority members of the Senate-Atomic energy committee said.

“We would fall short of our obligation to the congress and to the American people if we gloss over or excuse the weaknesses in the operation of this program.”

The six congressmen, headed by Senator Hickenlooper (R-Iowa), did not repeat the charge of “incredible mismanagement” leveled by Hickenlooper at the atomic energy commission and its chairman, David E. Lilienthal, last May 22.

The 10 Democrats on the committee, in a report on Oct. 13, praised the AEC and said Hickenlooper was unable to prove his charges at a lengthy investigation the Senate-House group conducted during the summer.

Nationals Report Fierce Fighting Before Chungking

Chungking, China, Oct. 24.—(AP)—The Chinese nationalists reported fierce fighting today against communist attackers in an area 200 to 230 miles east of this refugee capital.

Official accounts said the conflict was around Yungshun, Sangchun and Tayung.

The defense ministry reported snow in the Chin Ling mountains 325 miles north of Chungking had forced a halt in fighting there. Official reports three days ago said a 100,000-man red army under Gen. Niem Jung-Chen was on the move southward in that area.

A defense ministry spokesman denied Hong Kong reports that the nationalists had abandoned Kwei-lin, big south China base 150 miles southeast of Chungking. He said the reds had not even entered Kwangse province, of which Kwei-lin is the seat.

It was officially acknowledged, however, that the provincial government had moved 220 miles south-west to Yangning and that Gen. Hui Chung-Hsi, nationalist army commander on that front, had flown to Hainan island on an inspection trip.

Extra police were called to maintain order. Police Capt. Fred Dunn said there was “no serious disturbance.”

A crowd also gathered at the union food-store.

Union officials said that all those eligible for food received it and that 1,500 had been granted relief Friday.

STRIKERS SEEKING RELIEF JAM OFFICE OF MARYLAND UNION

Baltimore, Oct. 24.—(AP)—Several hundred striking steelworkers jammed union headquarters today to obtain food and food orders.

An official of the CIO United Steel Workers said a door was torn from its hinges as a group of strikers attempted to crowd into the building to obtain relief.

Extra police were called to maintain order. Police Capt. Fred Dunn said there was “no serious disturbance.”

A crowd also gathered at the union food-store.

Union officials said that all those eligible for food received it and that 1,500 had been granted relief Friday.

Calls For Unified High Command Of Armed Forces

Cairo, Oct. 24.—(AP)—A senior Arab statesman said today seven Arab nations are contemplating a unified defense treaty calling for a unified supreme command and integrated armed forces.

Other sources pointed out that establishment of common Arab defenses—if the step could be divorced from the Palestine issue—would provide more effective potential allies for the west if a conflict ever materialized with Russia.

An indication of internal opposition to the mutual defense pact came from Ismail Sidky Pasha, former Egyptian premier and an influential independent political leader.

He told the newspaper Al Ahras such a pact “is more dangerous to Egyptian security than the atom bomb.”

Sidky Pasha warned a common command would require disclosure of Egyptian defense secrets. He demanded the matter go before the Egyptian parliament before Egypt takes any binding action.

The high Arab statesman, who asked that his identity be withheld, said it was hoped that in addition to a mutual defense treaty an agreement also would be reached on an Arab economic treaty, linking together the economies of the prospective military partners.

The informant expressed optimism that both draft treaties would be drawn up in the current Arab league council sessions. Egypt, Iraq, Syria, Lebanon, Hashemite Jordan, Saudi Arabia and Yemen would be the countries concerned.

Bull Elk Takes Over Washington Man's Cow Herd

Port Angeles, Wash., Oct. 24.—(AP)—Things are getting back to normal at the Hugh Govan farm.

Five weeks ago a big full elk wandered out of the Olympic peninsula woods and joined Govan's beef cattle herd in a field adjoining a well traveled highway, 15 miles east of here.

While passersby ran for their cameras, the lordly elk patrolled the herd, gradually reducing the herd bull to the status of an errand boy.

Some days as many as 100 cars were lined up along the fences for their occupants to view the animal.

But last week the elk began getting rambunctious. When he roughed up the cows, they were moved to another pasture. Mr. Elk just casually hopped over the fence and got nastier than ever. A few venture some photographers made it back to the highway.

Yesterday morning he gored a cow and almost killed two new calves. That was enough for Govan. With permission of the state game department, he killed the elk and turned its carcass over to game protectors.

But Govan's herd bull hasn't yet recovered all his self esteem.

CANARY TALKS

Bunbury, Australia.—(AP)—Apparently getting fed up with just whistling, a male canary has learned to talk, reports the Australian News little blue stamps.

The price for a rationless meal, including soup, beer, a meat course and dessert, is a minimum of 100 and a maximum of 100. Few Czechs can afford such prices more than once a week.

Man Goes Berserk Wounds 9 People Then Kills Self

Waterford, Mich., Oct. 24.—(AP)—A farmer went berserk here tonight and shot and wounded nine persons in two taverns before killing himself.

Undersheriff Donald O. Menzies identified the man as Joe Runyon, 45, who lived alone on a farm near here.

The farmer came to the village and blazed away without warning with a 12 gauge shotgun.

The wounded were rushed to hospitals in the county seat, Pontiac. State police said two women were listed in a critical condition from shotgun wounds.

Police listed those wounded in Stan's tavern as:

Howard Stites, a patron.

A brother of Stites whose first name was not learned.

Stanley Zurawski, proprietor of the bar, and Zurawski's wife and mother.

The gun wielder was known in the village as “Joe the Farmer.” He was reported to have come to the village in the afternoon for a couple of beers.

The mass shooting recalled the recent mass killing in Camden, N. J. Howard Unruh went berserk there and killed 13 persons before he was captured by police. He later was found insane.

50 LAID OFF — Springfield, Oct. 24.—(AP)—Fifty employees at the Springfield plant of Allis-Chalmers Manufacturing Co. were laid off today because of diminishing steel supplies.

The lay offs were the first at the plant since the nationwide steel strike began.

A. C. Boack, plant manager, said if the strike continues for three more weeks another 1,100 workers of a force normally totaling 3,050 will be taken off the payroll.

DIES OF POLIO — Danville, Ill., Oct. 24.—(AP)—James Kochvar, 10, son of George Kochvar of Tilton, a Danville suburb, died of polio in Lakeview hospital last night. The boy's death was the ninth attributed to polio here this season. Eighteen other polio sufferers still are hospitalized in Danville.

ISSUE \$220,000 IN BONDS — Zeigler, Ill., Oct. 24.—(AP)—Issue of \$220,000 in bonds for a municipal water system here was approved in a special election Saturday. The vote was 699 to 204.

Users have been buying water from a coal firm at 25 cents a 1,000 gallons. The community now plans to buy the filtration plant, a 100 acre lake site and build a dam 1,300 feet long and 25 feet high.

OIL WELL PERMITS — Sparta, Ill., Oct. 24.—(AP)—This Randolph county community today offered 100 permits to oil prospectors to drill within the city limits. Under a new ordinance, one well may be drilled on each ten acres of land, with all property owners sharing royalties.

KILLED IN COLLISION — Greenville, Ill., Oct. 24.—(AP)—Edward Reed, 26, of Marion, Ill., was killed yesterday in a collision between his automobile and a tractor-trailer. Reed's wife, Retha, and their baby daughter received minor injuries.

KILLED AS CAR OVERTURNS — East St. Louis, Ill., Oct. 24.—(AP)—Ralph E. Dunham, 20, of East St. Louis was killed yesterday when his car skidded and overturned. A passenger in the car, Willard Shaw, was not hurt.

BURGLARS TAKE GUNS, SHELLS — Alto Pass, Ill., Oct. 24.—(AP)—Sheriff Earl Batson reported today that burglars took about \$1,400 worth of merchandise, mostly guns and shells, from the John Chapman hardware store here.

ELECTED TO ALUMNI BOARD — Carbondale, Ill., Oct. 24.—(AP)—Three new members were elected to the Southern Illinois university Alumni association Saturday. They are John L. East, Chicago; Robert Brown, Urbana; and Troy Hawkins, Mt. Vernon. They replaced three members who resigned.

NAMED TWP. SUPERVISORS — West Frankfort, Ill., Oct. 24.—(AP)—Mrs. Orval B. Rice, who never held a public office, has been appointed Frankfort township supervisor to fill an unexpired term of her late husband. The town board last week approved her application unanimously over four others.

CZECHS CAN ORDER STEAKS — Prague.—(AP)—For the first time in ten years Czechs can walk into some restaurants these days, order a steak and a bottle of Pilsner beer and walk out without plunking down ration coupons. But only a few Czechs can take advantage of this new freedom because “off ration meals” usually cost from 50 to 100 per cent more than those paid for with the little blue stamps.

The price for a rationless meal, including soup, beer, a meat course and dessert, is a minimum of 100 and a maximum of 100. Few Czechs can afford such prices more than once a week.

Truman Pledges American Support To A-Bomb Curbs

Says Blind, Deaf, Paralyzed Can Be Cured By Electrifying Brain

Evanson, Ill., Oct. 24.—(AP)—A means of making the blind see, the deaf hear and the paralyzed walk by sending electrical impulses into the brain or muscles—was seen as a possibility tonight by a scientist in brain research.

He is Dr. Wendell J. S. Krieg, 43, professor of neurology at Northwestern University's medical school. He told a university meeting he believes that great advances will be made in the next decade in such research on humans.

Under his theory, electrical impulses, duplicating the normal nerve impulses involved in sight and hearing, could be conveyed to the brain by a series of electrodes distributed over the skull.

Since muscles can be made to

contract by direct electrical stimulation, “it should be possible to place permanent electrodes at motor points and activate the muscles, whenever desired,” he said in his prepared talk. He added:

“It is only a technological step to devise an appliance to scan the visual field in the same manner as television scanned and to transmit that which is seen and recorded to the cortex (brain covering) in the same sequence and scanning pattern made in the next decade in such research on humans.”

To produce the sensation of hearing, he said, “it would seem possible to carry a series of terminals to the auditory area of the brain whereby electrical stimulation of different areas of the cortex also will cause persons to smell, hear sounds, move limbs, talk and dream.”

a practical test could be made of his beliefs. But in an interview, he told a reporter:

“If we had a small, two-story building and \$65,000 a year available I feel we could develop at a rate that would produce some practical results in about four years.”

So far, he said, no tests have been made nor has equipment been perfected. But Krieg said scientists already have made these demonstrations:

A person who has become blind may again obtain the sensation of light if a point at the back of the brain is stimulated electrically. Electrical stimulation of different areas of the cortex also will cause persons to smell, hear sounds, move limbs, talk and dream.

Would Insure Atomic Power For Peace

New York, Oct. 24.—(AP)—President Truman pledged American support today to any safe and effective plan that would outlaw the atomic bomb.

“To assure that atomic energy will be devoted to man's welfare and not to his destruction is a continuing challenge to all nations and all peoples.”

The president spoke at a ceremony at which the United Nations laid the cornerstone for its permanent headquarters.

He called the cornerstone rite “an act of faith—our unshakable faith that the United Nations will succeed.”

He addressed 16,000 persons at a flag-decked open air session of the 59-nation general assembly seated in the dead end of 42nd street on the East river.

About 750,000 New Yorkers lined Fifth avenue and adjacent streets as he motored to the site on a circuitous route from Pennsylvania station.

Mr. Truman said control of weapons is a requisite to a peaceful world.

“Every since the first atomic bomb was developed,” he said, “a major objective of United States policy has been a system of international control of atomic energy that would assure effective prohibition of atomic weapons, and at the same time promote the peaceful use of atomic energy by all nations.”

Indorses Baruch Plan — He reviewed briefly the work of the deadlocked U. N. Atomic Energy Commission and endorsed again the Bernard M. Baruch plan that won majority approval but was rejected by Russia.

“This is a good plan,” he said. “It is a plan that can work and, more important, it is a plan that can be effective in accomplishing its purpose. It is the only plan so far developed that would meet the technical requirement of control, that would make prohibition of atomic weapons effective, and at the same time promote the peaceful development of atomic energy on a cooperative basis.”

“We support this plan and will continue to support it unless and until a better and more effective plan is put forward.”

The chief point of disagreement between the western powers and Russia on control of atomic energy has been the insistence of the west on an effective means of inspection to insure that nations would keep their pledges to outlaw the bomb.

Acting Governor
Thompson Holds
Reins Of Illinois

Springfield, Oct. 24.—(AP)—Acting Governor Wallace Thompson actually held the reins of the Illinois state government today.

He signed several routine official documents, including some extradition papers.

Enjoying one of the privileges of his temporary office, Thompson parked his car in a spot outside the capitol marked “reserved-governor.”

Several weeks ago Thompson was acting governor on a Sunday but didn't learn of the fact until his tenure was over. He received official notification through the mail on Monday.

Thompson, a Galesburg Republican, is president pro tem of the Illinois senate. This office landed him in the governor's chair for four days because both Governor Stevenson and Lieutenant Governor Sherwood Dixon are out of the state.

Thompson didn't come to Springfield until today. He reverts to being just president pro tem tomorrow evening when Governor Stevenson is due back in the state from New York.

Man Admits He Is Hit, Run Driver Who Killed Girl

West Frankfort, Ill., Oct. 24.—(AP)—An attorney for William Simmons, 40, said today the man has admitted he was the driver of a hit-run car that killed a school girl and injured her companion Saturday night.

The lawyer, Leonard Dunn, quoted Simmons as saying:

“I did it. I followed my first impulse, which was to get away. I don't know why but I did and I'm sorry.”

Simmons, an AFL official, is charged with reckless homicide in the death of the girl, Phyllis Patterson, 13. Her friend, Rita Franko, 14, was injured in the accident, which occurred as the two high school girls walked through a railroad underpass here.

Simmons was arrested after police examined his automobile. They said they found some hair and flesh on the front of the machine.

MUST KILL DOG TO CARE FOR DEAD MASTER

Frankfort, Ind., Oct. 24.—(AP)—Blackie, a shepherd dog, was “Uncle Bill” Smethers' only farmhand and companion for 25 years.

Neighbors found the 83-year-old Kirklin, Ind., farmer had died yesterday. An undertaker came to get the body, but Blackie would have none of that.

Today a veterinarian came. He had to kill the faithful canine farmhand so they could take Uncle Bill away.

INVENTOR SUES Manufacturer For Contract Breach

Chicago, Oct. 24.—(AP)—Ward M. Irvin, of 81 Garrison Ave., Battle Creek, Mich., inventor of household devices, today filed a \$10,000 breach of contract suit against a Chicago firm which, he said, manufactured his bottle opener.

The suit says that after he invented the device—“Onag-Off”—he entered into contract with Hall Industries, Inc., giving them exclusive manufacturing rights in exchange for five per cent of the gross sales and a guaranteed \$5,000 minimum the first year. The suit was filed in circuit court.

He charges in his suit that the firm has not met contract obligations and did not use the best production efforts for his product.

Say Peace Talks With U. S. Steel Accomplish Nothing

‘Ike’ Asks Meet To Separate Duties Of People, U. S.

New York, Oct. 24.—(AP)—Gen. Dwight D. Eisenhower proposed tonight that leaders in every field meet with faculties of great schools to determine what are the plain citizen's responsibilities and those of the government.

Columbia university's president made the suggestion in a speech prepared for the opening of the 18th annual New York Herald Tribune forum.

“How can the plain citizen determine the dividing line between his own and the government's responsibilities?” Eisenhower asked.

“To help us, I believe that nothing could be more effective than a convocation of leaders in every field with the faculties of some of our great universities to develop a clear and authentic chart of this dividing line.”

“The result might not satisfy the mind and conscience of each of us, yet the question would be rescued from the domain of prejudice, emotion, partisan politics and selfish interests and be subjected to logical analysis and enlightened judgment.”

Kaiser-Frazer Is Given \$10,000,000 Loan To Make Cars

Washington, Oct. 24.—(AP)—The reconstruction finance corporation today granted a \$10,000,000 loan to help finance distribution of Kaiser-Frazer automobiles.

The new credit follows by 18 days a \$34,400,000 RFC loan to help finance production of new Kaiser-Frazer models which may include a new low-cost car.

No money actually has been passed as yet on the earlier production loan.

Today's RFC announcement disclosed the RFC is asking as collateral a first lien “on all of the physical assets of Kaiser-Frazer corporation and its subsidiaries, including land, buildings, machinery and equipment known as the Willow Run (Mich.) plant.”

“These properties were recently appraised by Coverdale and Colpitts, consulting engineers, 120 Wall street, New York City, at a recovery value as a going concern of more than \$38,000,000,” the RFC said.

SAYS BLUE SERGE AIDS INTEGRITY

Torquay, England.—(AP)—What the world needs to revive its sense of integrity is a return to the old-fashioned blue serge Sunday suit. That's what George Quemy of Liverpool told the meeting of the National Federation of Merchant Tailors here.

“When I entered the trade 40 years ago,” he said, “every man had Sunday suit of good blue serge. He wore it to church and when he visited friends. It gave him a sense of responsibility that men haven't got today.”

NEW YORK SUBWAY TO BE FILMED

New York.—(AP)—New York subway scenes are being filmed in an educational film made here. The full-length picture will deal with the behind the scenes problems of the system. It has an operating force of 40,000 people. Scenes for the picture are being made in power stations and other places seldom seen by the public who ride the subway.

The picture will cost \$50,000.

Ching Will Now Try To Break Coal Deadlock

Industry sources in Washington said Monday night that strike peace talks with U. S. Steel in New York apparently have accomplished nothing.

They said they had been informed the government has suspended the talks for the time being.

Federal Mediation Service Director Cyrus S. Ching, who conducted the New York conference, was reported returning to Washington. It is possible he may now try his hand at breaking the coal strike deadlock.

In Cleveland, Philip Murray, president of the CIO and the United Steelworkers union, said the CIO convention next week “undoubtedly” will act to set up a giant strike fund of all its unions.

Murray found unexpected support among the CIO United Electrical workers which announced Monday night in New York that it would raise funds among its locals to aid the steel and coal workers.

The U. S. general executive board called the steel and coal strikes efforts by management to “destroy unions in the United States.” The union did not announce how much it hoped to raise for the strikers.

The U. S. is one of the largest left-wing unions of the CIO, and its top officers have been at odds for some time with Murray. The possibility of their resignation or ouster from the CIO long discussed in labor circles, is expected to come up at the coming national CIO convention.

Michigan Man, 92, Weds Woman, 62

Allegan, Mich., Oct. 24.—(AP)—Things have certainly changed since 92-year-old Leroy Erwin bought a tombstone for himself last year.

Who'd have guessed he'd marry a pert little woman like Mrs. Mary Mathews Sage?

The white-haired 92-year-old bride scoffed today at the inscription engraved on her husband's stone: “Died 1950.”

“I'm going to see that he lives to be a hundred,” she said.

She plans to do it by feeding him sub-milk. That has special significance. It was a trip Erwin made to Mrs. Sage's farm to buy a goat that brought the couple together.

They slipped away late last week and were married by the Rev. H. A. Cole. The minister was selected by the bride, who had to look around some before she found a preacher who would agree not to use the word “obey” in the marriage ceremony.

CORN CRIB ARCHITECTURE

Even if we were to limit our observations and memories—to our own part of Central Illinois—we could visualize a dozen or more different styles of corn cribs.

The early ones were of log cabins, with dirt floors. Then came hewed timbers, which made tighter cribs, and ones that would stay put in a storm. Sooner or later cribs were built with two-by-fives as frames, and with two-by-four reinforcements, and good inch lumber for the sides. All these, of course, had roofs which guided the rain down and away from the corn.

Some of the New Englanders, and others, who came this way favored cribs that grew wider toward the top. They looked as if they might topple over before a wind storm, but few did. There came into vogue the double crib, more or less like two cribs with a breezeway between them. This space was wide enough so that the load of corn could be driven into it and then shoveled off under roof. And, too, the breezeway could hold a lot of hay in the event of a storm during haying. And it was a good place to feed cattle or hogs. Cribs developed that also had bins for small grains, cribs on second floors of barns, cribs with built-in air ducts through which heated air could be pumped to dry out soft or damp corn.

Corn crib architecture changed during the years, and each decade had its favorite corn crib design.

But this year is all different. More corn cribs are being built than ever before. They are being built because there is a big crop being husked right now—and last year's surplus corn is still filling all the old corn cribs.

The unusual thing about the new cribs is that they are of all types of architecture—and some with no type at all. If they will hold corn and keep it fairly dry, not tip over, and not encourage rats, they will suffice. These new cribs include single cribs, double cribs, log cribs, native lumber cribs, dressed lumber cribs, cribs with concrete foundations, steel cribs, aluminum cribs, cribs so designed that they may later be used to store oats and wheat, cribs with steel uprights, cribs with woven wire fencing, or chicken wire, stretched between whatever uprights are available.

There is no style of 1949 corn crib architecture. But that doesn't make any particular difference. The problem of the corn farmer this year is to get crib space. If he can get that, he will settle for a crib of the vintage of the 1890's or the 1900, or some queer-looking shack which looks like nothing ever before erected by the hammers or humans.

These present were Louis Kelly, Tena Rust, Mildred Beard, Paul Dean, Benish Wohlers, Albert DeOrrellis, Rose Ann Steinberg, Dorothy Hudson, Helen Cole, Donna Boes, Shirley Dean and Phyllis Cockin.

Mrs. McCarthy Hostess To Sorority Members

Members of Xi Lambda chapter Beta Sigma Phi were entertained at the home of Mrs. Alvahlee McCarthy, 503 North Church street, with the president, Gladys Crawford, presiding at the business session. A report on the recent rummage sale was made by Helen Anderson.

The remainder of the evening was spent playing bridge. Prizes were awarded to Alpha Chi, Mabel Symonds and Anna Doolin.

Refreshments were served by Mrs. McCarthy from the dining table which was beautifully decorated with crystal and lighted candles.

The next meeting will be held at the home of Bernita Dodson on November 7.

Twelve members of the Alpha Pi chapter of Alpha Iota sorority were present at a supper held in Hamilton's dining room, with President Louise Kelly presiding.

The supper was for the purpose of celebrating founder's day, which is Oct. 21. After the dinner a short service was held in honor of this day.

Lois Sample, Doris Souza and Lois Brannan were unable to attend the ceremony, because of the fall convalescence being held at the Stevens hotel in Chicago, which they were attending. Miss Brannan was the elected delegate.

These present were Louis Kelly, Tena Rust, Mildred Beard, Paul Dean, Benish Wohlers, Albert DeOrrellis, Rose Ann Steinberg, Dorothy Hudson, Helen Cole, Donna Boes, Shirley Dean and Phyllis Cockin.

Mrs. McCarthy Hostess To Sorority Members

Members of Xi Lambda chapter Beta Sigma Phi were entertained at the home of Mrs. Alvahlee McCarthy, 503 North Church street, with the president, Gladys Crawford, presiding at the business session. A report on the recent rummage sale was made by Helen Anderson.

The remainder of the evening was spent playing bridge. Prizes were awarded to Alpha Chi, Mabel Symonds and Anna Doolin.

Refreshments were served by Mrs. McCarthy from the dining table which was beautifully decorated with crystal and lighted candles.

The next meeting will be held at the home of Bernita Dodson on November 7.

Rev. T. A. Johnson, Former Mt. Emory Minister, Dies

Rev. T. A. Johnson, a former pastor of Mt. Emory Baptist church in this city, died at noon Monday at a local hospital after an extended illness. He was 75 years old.

After serving the local church Rev. Johnson was assigned to a Quinby church. He had lived in that city for several years.

The remains were prepared for burial at the Gillham Funeral Home, and later will be taken to the Daugherty Funeral Home in Quincy.

Judge Binks Defines Working Woman's Role In Democracy

The all-important role which women in business and the professions, together with those in industrial and domestic fields, must assume in the great work of strengthening Democracy was the basis for a stimulating address given by Judge Vera Binks of Kewanee Sunday afternoon before a large gathering of women, assembled here for the district meeting of the Illinois Federation of Business and Professional Women's Clubs.

Judge Binks, who is a past president of the federation and the only woman judge in Illinois, placed special emphasis upon the contribution which women can make through their work, not only in the strengthening of Democracy, but in keeping it alive and making of it a thing which can be appreciated and enjoyed not by themselves alone, but by others as well.

"This undertaking," declared the speaker, "is worth all the sacrifice and work which it entails. The initial step is riding ourselves of all selfishness and greed."

Some interesting statistical information related by Judge Binks showed that one third of all employed persons are women; 30% of all women are employed, of which 48% are married women, 35% single, and 16% widowed or divorced; and that one half of the entire number of women in jobs are 35 years of age or older.

Changed Social Trend
This indicated a changed social trend, according to Judge Binks, in which women assume a triple role, that of wage earner, citizen and homemaker.

This changed trend results in numerous problems for the women of today, problems for which they themselves must provide the solution, through united thinking and action.

Women must search within themselves, declared Miss Binks, to find a way in which to exercise their talents to the maximum of their ability, thus putting into their jobs and getting from them that intangible something which creates for them a richer, fuller life.

Miss Binks quoted from a report on the conference on women's problems, which was held in Washington, D. C., in 1947 by the Women's Bureau of the Department of Labor.

In this report, Orday Tead, member of the board of higher education of the state of New York, listed the important influences which must be considered in the problems of working women.

He cited the changed character of the home, in which modernization has made life for the homemaker consuming rather than contributing; the necessity of women to have creative satisfaction in their work; the economic aspect, which is concerned with the demands of a full-time position, often resulting in a situation where either the home or job must suffer; and latent talents, which are often left undeveloped through lack of the opportunity for adequate expression.

Offers Solution
As a solution, he offered a variety of suggestions, listing as the most important, working creatively, developing a spirit of love for mankind, striving for community betterment and worshipping reverently.

Judge Binks concluded her address by saying that "we are suffering from a case of delayed ego, because we have been made to realize that science uncontrolled can destroy within a few brief seconds, all that man has created. We are mere atoms in the hands of science and God."

Preceding the address by Judge Binks a panel discussion on club activities was conducted by Miss Mary Postlewait, district chairman, with the presidents of the various clubs as

"Lucky" Hawkins Says Clark Was Killed In Fight Over Woman

Jerseyville, Ill., Oct. 24—(AP)—Albert E. Clark, 23-year-old navy veteran, was killed during a struggle for a woman hitchhiker's attentions, it was reported yesterday.

Jersey county State's Attorney Alvin H. Pettit said Leonard (Lucky) Hawkins signed a statement that Clark died from a bullet fired from Clark's gun.

Clark's body, a bullet wound in the head, was found beside a road here Oct. 12. He had been dead about a week. Hawkins was arrested in Dalhart, Tex., and returned here on a murder charge.

Pettit quoted from the statement: Clark was in the back seat of the parked car and Hawkins in the front seat with the hitchhiker they picked up somewhere between Kansas City and St. Louis.

Clark threatened Hawkins. The Hawkins and in a struggle the gun fired once.

The girl fled and Hawkins was unable to catch her.

Justice of the Peace Arthur Thatcher ordered Hawkins held without bond pending preliminary hearing November 1.

Clark, identified only as Mildred, was being attentive to Hawkins. Clark pointed the .32 caliber revolver at

Christian Delegates To Attend Convention

Delegates from Disciples of Christ churches of North America will converge on Cincinnati Oct. 25-30 for a centennial convention. This convention will celebrate 100 years of organized missionary work and convention life. The theme is "A Century of Cooperation."

In Cincinnati on Oct. 23, 1949, the first general convention of the Disciples was held. This was the birthplace of cooperation among Disciples, also known as the Christian churches or the Churches of Christ. Alexander Campbell, distinguished Disciples leader of a century ago, was elected the first president of the convention.

The Disciples of Christ stand seventh in membership among the churches of United States and Canada. It is a vigorous, indigenous, American Christian body. Its growth has been phenomenal in the period 1849-1949. In 1849 there were 853 churches having a membership of 118,000 members. In 1949 there are 8,749 churches with 1,872,049 members throughout the world. In 1849 the Disciples gave \$2,882 to missions and benevolence. In 1949 the total given was almost 14 million dollars.

Some of the highlights of this centennial convention will be 1,000 youths participating in a week-end youth session recruitment and full-time consecration service; pageants during the week portraying various phases of the century of cooperation; a huge communion service of 13,000 participants with Protestants of the Cincinnati churches as guests of the convention on Sunday afternoon, Oct. 30; seven simultaneous workshops on Christian education on Tuesday, Oct. 25.

Outstanding speakers appearing on the convention program will be J. Quenter Miller of the Federal Council of Churches of Christ in America; Dr. Hillier H. Straton, First Baptist church of Malden, Mass.; Dr. Henry Smith Leiper of the World Council of Churches, and Chaplain Thornton Charles Miller, Rear Admiral, USN.

The Disciples of Christ are active in concern for social and world issues confronting Christians today. Many important decisions are expected to be made. As this is the third and last year of a Crusade for a Christian World, a program of expansion, plans will be made for a post-Crusade program. Further projects for more friendly relations with the Northern Baptist churches

Salvation Army Tag Day Nov. 12 At Manchester

Manchester.—William S. Green has been named to head the annual Salvation Army drive in Manchester, according to information released by John Samuel.

Mrs. Edna M. Hudson will act as treasurer. Other members of the committee include Mrs. Mary Green and Mrs. Edith Hudson.

The committee will attempt to raise funds for local and regional welfare needs through a tag day on Saturday, Nov. 12, in the charge of Mrs. Green.

Upon completion of the campaign a portion of the money raised will be

left with the local committee for a program of health, welfare, and cultural activities. Such needs as clothing for school children, dental, optical, and medical assistance, and family welfare needs of all kinds will come within the scope of the local program. There will be no restrictions on the use of the funds and the local committee can render service at the point of need to the limit of their funds.

The remainder of the amount raised will be used to provide maintenance of maternity hospitals for unmarried mothers, fresh air camps for mothers and children, service to veterans, and other regional services including a reserve fund for emergencies and disasters.

SEE and HEAR OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL every Thursday on Television

This One's Changing a Lot of Minds

MOST people have a habit of setting their sights on cars of a certain "price level"—and making a choice on the basis of what they can afford to buy.

Then, on the scene, came this stunning beauty—and in a few short weeks turned a whale of a lot of decisions in a brand-new direction.

Why not—folks figured—get really fresh style lines and that stout bumper-guard grille that can take any normal impact yet won't "lock horns" with cars ahead?

Why not get good, substantial road-weight and a lot more interior room when they come in a car that's shorter in bumper-to-bumper length for easier parking, garaging and handling in traffic?

And why, the shrewd shoppers asked, take anything less than this straight-eight thriller when it wears a price tag

that any new-car buyer can reach, and actually costs less than many sixes?

Truth is, this spanking-new Buick SPECIAL turns a searching light on every car in its price range—on many above and below too—and looks the better for it every day.

Better in its advanced styling and amazing interior roominess and traffic-handly size.

And certainly far better in the lift and life of its valve-in-head Fireball power—

the level-going steadiness of its buoyant Buick ride—the silken luxury of Dynaflo Drive, optional here at modest extra cost.

So why not set your sights on this beauty of a buy and let the facts of hardpan shopping comparison open your eyes to a new opportunity?

Your Buick dealer will gladly let you sample its sparkling action on the road—and give you the news on how quickly delivery can be made. Go see him—and get your name on the dotted line.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

LIVESTOCK IN THE HOME
 Omaha, Neb.—(P)—The juvenile probation officer had just returned a lost six-year-old boy to his home here. As he talked to the boy's grandmother, an animal ambled across the floor.
 "That's a large kitten you have," he remarked. The woman didn't even turn around.
 "Must be a rat," she said. "We do not like cats."

Prendergast Wants Stevenson Guest To Hear Man Who Accused Officer

Chicago, Oct. 24—(P)—Gerry S. Keener of Kankakee has an appointment today with John C. Prendergast, Chicago commissioner of police.

Prendergast said yesterday he had received a letter from Keener complaining that he was arrested four times by a policeman on 9th street in Chicago during the last two weeks on false charges.

Each time, the letter stated, the policeman accepted a bribe, totaling \$80 in all.

Prendergast said the city will pay Keener's traveling expenses here so he can sign a complaint.

"If this is a bona fide bribery case involving one of my men," Prendergast said, "I intend to find out who he is and take action against him."

The commissioner said Keener's letter did not identify the accused policeman.

Keener is employed by an Akron, O., tire company.

Two Cicero Men Drown In Attempt To Fix Duck Blind

Ottawa, Ill., Oct. 24—(P)—Two Cicero, Ill., men who set out in a canoe to move and rebuild a duck blind were drowned yesterday in the Illinois river. A third man swam to safety.

Dead were Frank Steffan, 20, and Edward Soucek, 19. The survivor is Charles Mize, 21.

The accident occurred about 100 yards from the south bank of the river, off a landmark known as the Salt Well in the eastern section of Starved Rock State park.

Mize drove eight miles to get help in Ottawa. He told Sheriff Edward T. Ryan of LaSalle county that he and the other men had set out for the duck blind which park officials declared was too close to shore for safety of motorists and park users.

They were in a small metal boat carrying a quantity of lumber, when choppy water swamped the boat. All three started for shore but Soucek and Steffan sank. Their bodies were recovered.

INNOCENTE CONVICTED

Los Angeles, Oct. 24—(P)—The Federal Court judge called for the criminal calendar and Robert Ullano Innocente, auto theft suspect, struggled to the prisoners' stand.

"R. U. Innocente?" Queried the clerk, without looking up.

"No. I am guilty!" Innocente reported.

Whereupon the judge sentenced Innocente to 10 months in jail on his plea of guilty to driving a stolen car here from Nevada.

Stevenson Guest At U. N. Ceremony

New York, Oct. 24—(P)—Gov. Adlai Stevenson of Illinois a guest today at the United Nations assembly's outdoor meeting marking the laying of the cornerstone for the new U. N. home.

Governor Stevenson, a former delegate to the United Nations, was invited to sit with the American delegation.

Stevenson at one time in London was acting head of the U. S. delegation. Later he was a delegate and set on the financial committee of the assembly.

MORMON MISSION ELECTS PRESIDENT

Rock Island, Ill., Oct. 24—(P)—Waldo M. Anderson of Salt Lake City, Utah, has been named president of the Northern States Mission of the Mormon Church.

He was elected yesterday at an administrative conference of the Latter Day Saints group here. Some 500 officials from Illinois, Iowa and Wisconsin attended.

The mission was divided recently and a new Great Lakes mission with headquarters at Fort Wayne, Ind., established. That mission will include Indiana, Ohio and most of Michigan.

Anderson said the Northern States Mission area now contains 27 churches with an approximate membership of 3,500 and 100 missionaries.

NO PLACE LIKE HOME—Bob Tolomei of Los Angeles looks at the debris and wonders where the wreckage of his home ends and the rubbish from the truck begins. The rubbish truck blew a tire, mowed down a lamp pole and completely rearranged the Tolomei home before coming to a halt. Occupants of the truck were hurt only slightly.

Boyle Files Suit To Revoke Charter Of Bowling League

Chicago, Oct. 24.—(AP)—State's Attorney John S. Boyle filed suit today asking revocation of the charter of the American Bowling Congress.

that the ABC incites to racial discrimination by limiting its membership to "white males" only. It asked that the Congress's charter be revoked or that it be fined and directed to amend its papers of incorporation and by laws to allow enrollment of persons of all races.

The ABC, incorporated in Illinois in 1903, conducts an annual tournament recognized as the biggest event in bowling.

On Oct. 16, the CIO announced in Washington it was seeking revocation of the ABC's charter. The CIO said the Congress holds a monopoly over bowling and that it discriminates against negroes.

The CIO statement said the ABC "possesses one of the most iron-clad monopolies in the United States, having control over 1,000,000 members and exercising an absolute control over the largest single competitive sport in the United States and the largest organized competitive sport in the world."

Pancho Gonzales Makes Pro Debut Against Kramer

New York, Oct. 24.—(AP)—Pancho Gonzales, the young California-born Mexican who skyrocketed to fame on the amateur tennis courts of the world, begins cashing in tomorrow night when he makes his professional debut against Jack Kramer, currently rated as the game's best.

Their match, carded for three out of five sets, is to feature the opening program of a professional tour that will carry them to at least 90 cities.

It will be played on a green canvas court stretched tightly across the floor of Madison Square Garden, where Kramer also started earning an annual income in six digit figures less than two years ago.

Frank Parker, who comes from Los Angeles as do both Kramer and Gonzales, also makes his bow into the money game on the same program. He is to play Pancho Segura, the little two-fisted Ecuadorian, in the first match, scheduled for two out of three sets at 7:30 p.m. (CST).

Last event of the evening will be a doubles match with Kramer and Parker teaming up against Gonzales and Segura.

The promoter of the tour is Bobby Riggs, who ruled the pro ranks himself until Kramer beat Bobby so many times he chased Riggs right into the front office.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Oct. 24.—(AP)—Steers hit the highest price of the year today, but hogs dipped to the lowest top price in more than three years.

The cattle market was a two way affair. Steers and heifers grading average good and better were strong to \$1 a hundred pounds higher, but others were slow and steady to 50 cents lower. A top of \$39 was paid for four loads of choice to prime 1,030 to 1,110 pound steers.

Hogs generally were steady to 25 cents lower. Several loads of choice 220-260 pounders brought the top of \$18.10—the lowest top since OPA ceilings were removed Oct. 15, 1946.

Slaughter lambs were 25 to 50 cents higher, with fed western and native lambs topping at \$25. Ewes were steady to strong, selling at \$7.50 to \$10.

Estimated salable receipts included 16,000 hogs, 15,000 cattle, 500 calves and 3,000 sheep.

New York Stock Market

New York, Oct. 24.—(AP)—Moderately heavy trading in the stock market today was accompanied by significant price changes.

The overall picture was mixed with a few stocks getting ahead at point or more and others slipping back by fractions.

Trading was at the rate of 1,200,000 shares for the entire day as compared with Friday's total of 1,290,000 shares.

The bondmarket moved sluggishly.

ISD Entertains Indiana In Homecoming Mix Saturday

Paul Stroud's Rout Gridders Headed For 2-C Conference Crown

Carrying a string of four straight wins, the Routt Rockets, six-man footballers, appear to be well on their way to the 2-C conference championship and possibly an undefeated record in this, their first year of grid activity since 1945.

At present, the Routt gridders boast victories over every other team in the newly organized league. They must protect their 4-0 record against Arenzville and Franklin, whom they are meeting twice this season, before the crown can be officially claimed.

Arenzville, resting at the bottom of the conference pile, would have to pull a terrific upset to ruin the local east sides' victory skein. But

Wheaton, Only Unbeaten Illinois Team, Meets N.C.

Chicago, Oct. 24.—(P)—The Wheaton Crusaders, only Illinois collegiate football team undefeated and untied this season, tackle scrappy North Central Saturday in the top game on the downstate schedule.

Wheaton fashioned its fifth consecutive victory by downing Lake Forest 19-7. The Crusaders maintained a deadlock with Augustana for the Little Nine conference lead, each with three league wins without a setback. Millikin, idle last week, also is hitting 1,000 in league action, but has played only twice and one of the games was a 6-6 tie with Illinois college. Millikin's only other league contest was a 50-0 rout of last place Elmhurst.

Augustana kept on the pace with a 21-7 win over North Central. It was the Naperville school's second league defeat in three starts.

In addition to the North Central-Wheaton game Saturday, Illinois Wesleyan invades Elmhurst and Illinois college is at Carthage Friday night.

Wesleyan was trounced 47-25 in a non league match with Northern of DeKalb while Carthage blasted Elmhurst 38-12. Illinois college blanked McKendree 18-0 in outside competition.

Only one Illinois intercollegiate athletic conference game is slated. Northern invades last-place southern of Carbondale Saturday. Western and Eastern, the two undefeated league leaders, face Shurtleff and Indiana State, respectively, in non league firing.

No league games are on tap in the Pioneer conference. All four members face outside opponents. Once-beaten Quincy will shoot for its sixth straight win against Parsons in a homecoming attraction. Quincy notched victory No. 5 yesterday with a 14-13 decision over Lorain.

Our profound apologies to Illinois College fullback Bill Gross who scored the first Blueboy touchdown against McKendree here Saturday afternoon. We gave the tally to Ray Watts after checking with several other newsmen and bystanders following the score. We weren't alone in our error, but are the most at fault, since we know the two boys well and should be able to discern one from the other. Even though it's nothing new to Gross to chalk up a touchdown since he's been doing it for a couple of moons, credit should be given where credit is due.

The mistake is even more intolerable when we remember that Gross is a husky giant, weighing over 200 pounds and Watts, an 18-year-old freshman, might tip the beam at 165, if he's wet. Too, Gross plunged over center and Watts sticks strictly to off tackle slants and end runs. Better take back what we said about Watts. We're the wet party—all wet! Once heard that silence is not golden, but the best substitute for stupidity.

Mt. Sterling has tossed its hat in the six-man football ring. R. T. Crane, principal of the Brown county high school made the announcement recently. Mt. Sterling, always a hot baseball school, could find only three opponents in the diamond sport this fall and decided to make the switch. The school enrollment probably totals well over 200, making it the largest entry in the 2-C league, which I suppose they will enter. They plan to string lights and sew grass for a new gridiron in the immediate future. Maurice Root is the head coach at Mt. Sterling. He is assisted by Tom McKinney, who played lots of baseball for Perry in the early 1940's.

—O—
Joe Treat, Franklin coach, sent us his basketball schedule yesterday and also lodged a "game wanted" plea with this department. He has an open date for a hardwood contest, either at home or away, Jan. 23. Right now, his six-man football entry is in the thick of a swell battle for 2-C conference honors. He and assistant coach Paul Rust have developed their tiny squad into one of the most markedly improved ball clubs in the league.

—O—
New Jacksonville basketball coach John Chapman announced last night that he has started to work on the '49 edition of a Crimson basketball squad. He has the two-sport football and basketball men circling the cinder track following grid workouts and plans to take them indoors next week.

Winchester Yearlings Nose Out Crimsons 7-6

Undefeated in three previous seasons, Coaches Wimberly and Patterson saw their JHS frosh-soph drop go down swinging against a hardy band of Winchester yearlings as they absorbed a 7-6 whipping here last night.

Allowing the junior Wildcats to score in the second quarter with a 30-yard aerial, the Crimsons under studies waited until the fourth quarter before they scored.

Jimmy Bates crossed into Wildcat pay-dirt with four minutes of play remaining in the contest after quarterback Bob Golden had set up the score with a 10-yard plunge over center. Winchester tacklers broke through to nail Bates as he tried to throw right end for the extra point to protect their lead by a scant one-point.

—O—
The Scott County crew scored early in the second period after the two eleven had battled to a scoreless tie for 15 minutes on the fog-shrouded gridiron. Cummings, Winchester quarterback, spiraled a 20-yard pass to his left end, Lawson, who legged 15 yards into the Crimson end zone. The scoring play covered 35 yards. Cummings plunged for the extra point and Winchester led 7-0.

Cummings intercepted a Jacksonville pass on his own 15-yard marker when the Crimsons threatened late in the second half to cut the scoring try short. Dickinson was throwing accurate passes but his ends and backs were having trouble seeing the ball in the heavy mist. In all, the Jack halfback threw 15 aerials the first half and completed only four.

—O—
Bill Williams caught all of the tosses. He was knocked out in the second quarter and was sidelined for a few minutes. Jerry Omundsen, Crimson left guard, was knocked cold in the fourth period when he recovered a Scott county fumble and was forced to retire. Though he was out for approximately 10 minutes, he recovered with no ill effects.

—O—
The third quarter was the same story. Jacksonville threatened inside the Winchester 30 yard line consistently but was unable to put

the ball over. Dickinson passed to Lacey for 15 yards to the Wildcat 15 yard chalk, but miscued on the next play and Winchester recovered.

It was Omundsen's recovery of a fumble that set up the long Crimson tally late in the last chapter. He fell on a Wildcat bobbie on the enemy 40. A series of ground plays carried the ball to Winchester's 15 yard line. The Wildcats held and kicked back to their 35. There the junior Jacks took charge of the leather. Dickinson heaved a pass to Jimmy Bates who was hauled down on the Wildcat 12-yard line. Bob Golden scooted through the center of the line for 10 yards and Bates took the ball over. The conversion was nipped leaving the Crimsons trailing 7-6.

—O—
In a desperate last minute try for victory, Jim Beck, Crimson tackle, blocked a Winchester punt on the Wildcat 20. Harvey Pearson electrified the crowd when he ran to the eight-yard line on a reverse. But the Crimsons lost their scoring chance when a fumble set them back to the 30. With 10 seconds of play remaining, Winchester's Cummings intercepted a long Jacksonville pass on his own four-yard chalk and ran the ball back to mid-field to protect his club's 7-6 edge.

—O—
Jacksonville was ahead in the first down department, claiming six to Winchester's three. Crimsons threw 22 passes, completed seven and saw Cummings intercept two. Winchester stuck to the ground, throwing only six times and completing two. Wildcats led on penalties, getting 30 yards while Jacksonville was set back 15.

We believe that 1949 will go down in the history books as one of the most exciting years in history for sports fans in this area. Everyone is having a wide open race, whether it's major league baseball, Big 10 football, or in the little M.S.M. prep league. The MSM race was thrown wide open last week after Waverly and Nokomis battled to their 6-6 tie. Now four clubs have a chance to win the crown as they swing into the home stretch. Girard is the only team that can change its current rating.

—O—
The three big games on tap this week will bear watching, because three upsets could very well take place. Auburn is at Nokomis, The Trojans, a hot and cold team, were cold last week as they only beat Girard 17-0, so they are due to give Nokomis fits. Waverly must beat a jinx as well as a running St. James eleven. The Tradersmen have had the Indian sign on the Scotties for the last couple years. And, Virden must face their old rivals, Girard. If the Redbirds could only find a boy to snag Finney's perfect passes they could still call their season "perfect" by beating Virden.

Clinton Invades JHS Field Friday Night; Rout And IC Travel

Main spoke in Jacksonville's football wheel this weekend is Art Yates and his I.S.D. eleven. The boys from the west end carry their grid rivalry to the inter-state level when they entertain Indiana School for the Deaf in a homecoming contest Saturday afternoon.

The two-state gridiron battle will highlight a full weekend of homecoming festivities at I.S.D. The Tigers will pack a seasons record of 2-2 against Hoosiers after dropping a narrow 7-6 tussle at Kincaid Friday night.

This test is one of two "outside" games the Yatesmen have docketed this season. They'll travel to Tennessee Nov. 12 for a joust with that state's deaf eleven. These tilts serve as a sounding board when experts pick the outstanding deaf high school teams on a nation-wide scale at the end of the season. Tennessee was chosen first in '48 with the local athletes running fifth in the nation.

—O—
Clinton Here Against Crimsons
Giving the wheel another spin, we come up with a second game scheduled for local turf. Bob Kraushaar and his J.H.S. stalwarts are settling down to some hard work designed to iron out the kinks and ready themselves for invasion by a doughty band of footballers from Clinton, Ill. Friday night.

—O—
The Crimsons, after dropping a 20-7 Central conference tangle to Feltshans of Springfield last week, are confronted with another league struggle with Clinton. The Friday night affair will mark the third conference appearance the locals have made this season. Their record, to date, lists no wins and two losses, to Beardstown and Feltshans.

—O—
Kickoff time for these two local encounters is set for 2:30 p.m. at I.S.D. Saturday and 8 p.m. on the J.H.S. grounds Friday.

—O—
Routt to Arenzville
Routt's six-man club and the Illinois College eleven go on tour this week. Paul Stroud's Rocket fleet besieges Arenzville in a 2-C conference mix Thursday night after a two-week lay-off and the Hilltoppers go to Carthage.

—O—
The east side preps enjoy the distinction of boasting the only undefeated schedule this season. The Stroudmen up to now have a season standing of four wins and lead the other conference entries by a considerable margin. They whipped Verdier Alrizer's Cass county bunch in the seasons opener here last September.

—O—
Al Miller's Illinois college outfit, Louisiana State 13-7, dumped the Tar Heels from sixth to 13th. Kentucky, tripped by Southern Methodist, 20-7, fell from seventh to 14th. Pittsburgh's surprising loss to Indiana, 48-14, dropped the Panthers right out of the rankings. Nobody voted for Pitt which was 16th a week ago. Northwestern suffered the same fate after bowing to Iowa.

—O—
Michigan 'Spirit' Is What Made The Gophers Go Down

—O—
Minneapolis, Oct. 24.—(P)—If you are still wondering what brought on Michigan's 14-7 upset victory over Minnesota's football team Saturday, it appeared today that the intangible thing called spirit, or will to win, was the moving force.

—O—
For that you have the words of athletic officials themselves. Minnesota's head coach Bernie Bierman of Minnesota, said after the game: "They (Michigan) were up; we were flat. We had enough opportunities to win four games. Michigan just outgasted and outthrust us."

—O—
The Wolverine coach, Bennie Oterbaan, admitted he couldn't put his finger on any one thing, but that "we lacked a spark at Northwestern; against Minnesota we had it."

—O—
Fritz Crisler, Michigan's athletic director, had thought that "we would have beaten Army easily if we had played as well against the cadets."

—O—
The college aggregation includes four players from the K. K. team which Rupp directed to the national collegiate athletic association championship last March in Seattle, Wash.

JENNY was waiting on an important customer. When one of the girls told her she had a call, she took up the phone rather impatiently.

"Jenny?" It was Tod's voice. "Yes," she said in a husky whisper.

The faintest pause. "Jenny, I—well, I was thinking about Christmas. I mean, do you think an electric train for the boys would be too—that is, do you think they'd like it?"

She must keep her voice steady, be casual.

"Yes, Tod, they'd like it, I'm sure."

"I'll have it sent then. I'll be home over Christmas. Would it be so much to let me see them sometime before then?"

"You know perfectly well you were to be allowed to see them any time. Mrs. Drew is still caring for them."

"I see. Well, I hope everything's all right with you."

"Everything's fine." She was proud of herself, the crisp business-like tones, cool and clipped. She'd made a wonderful actress.

"Hope you have a fine Christmas."

The phone clattered back into its cradle. She got up, murmuring something about being excused, and went back into the office she and Nina shared.

Yes, she thought. I'll have a wonderful Christmas. Just wonderful! Duck!

She read in the Sunday papers that Mr. Jamison Conover and daughter Elizabeth, and Mr. Tod Hunter, Dunbar and some others were leaving soon to spend the holidays at Sunrise Valley. And it was about then that she decided to give Rick a definite answer.

SUNRISE VALLEY was a paradise for the well-to-do. You met the most exhilarating people there, everyone from Indian

princes to movie stars. Everything was done in style. Those pictures and write-ups you saw in magazines were not exaggerated. Tod thought.

If they could just have left those irritating little Christmas bells off the doors of the hotel, and not made such a fuss over the holiday.

He kept thinking, in spite of himself, of that miserable trailer near the Markwood campus, red curtains in the tiny windows, three silver bells on the front door, that idiotic artificial Christmas tree on his desk, and Jenny wrapped in that pink chenille robe he'd bought her. Rick had given her a muslin powder box that played Rockabye Baby.

Liz got furious with him once when he tried to tell her about it. Of course, you couldn't blame her, could you? Only Liz seemed to be impatient with him quite often of late. Or maybe her natural petulance was more apparent to him since they were together almost constantly.

Or was he critical of Liz on account of the contempt he secretly felt for himself? Liz's words that day back in September had a way of popping into his head at odd times. "You were hired for me, not because you have any advertising talent. You don't have talent for anything."

Had Jenny suspected why Mr. Conover had hired him?

In January they started home. Mr. Conover was anxious to get back. Liz was already planning the wedding which would be in March.

"Do you think people would disapprove too much if I had a lovely church wedding? You really aren't supposed to make so much of a second marriage," she said, "but the first one really doesn't count, being a silly elopement, does it?"

No, he supposed the first one didn't count much. Only, if it hadn't happened, things would have been a lot different now.

Father suggested that we honeymoon in Mexico City. Tod. They say it's lovely, and there's lots to see and do, bullfights and so on."

"Yeah, sounds great." He was thinking of that shabby garish parlor of the justice of the peace, the threadbare carpet, the framed mottoes on the walls, the bouquet of dusty paper roses on the upright piano, the soiled lace curtains at the windows. Jenny in a pink suit and a funny little pink hat.

HE remembered that honeymoon with Jenny, when the car broke down and they had to stay in a dingy, one-room tourist cottage. Funny how you remembered some things so clearly, like that sleazy blue spread on the white iron bed, the old insurance calendar on the wall, the smoked cracked mirror on the dresser, and Jenny laughing because she wasn't tall enough to see any higher than her nose above the smoke part.

He hadn't wanted to hurt Jenny, but this was the way it had turned out. Anyway, she'd probably marry Rick eventually, and he would be good to her.

"You haven't been listening to a word I've said," Liz cried out suddenly. "For heaven's sake, Tod, what's the matter with you?"

She sat upright, glaring at him, her dark eyes burning with anger. His glance fell away. He hated seeing her like that, her lovely face twisted. He rubbed a fist into the palm of his hand. "I don't know, Liz," he said quietly. "Nothing really."

"You've been moose this whole trip. It's been embarrassing, having you turn into a deaf mute when people expect you to be pleasant. Really, Tod, you seem changed. I'd like you to be at least halfway amusing!"

"Is that why you want to marry me, to be amused?" He said it abruptly and quite without thinking.

A dangerous glint came into her dark, slanting eyes. And she reached over and slapped him hard on the cheek. He didn't move. Just sat there for a few moments, feeling the stinging sensation in his cheek and the rush of blood across his face.

Community Leaders Endorse Annual Morgan Chest Fund Campaign

Over two hundred enthusiastic residents of Jacksonville and Morgan county attended the Community Chest dinner last night at the Masonic Temple. They heard an outline of the plans for the Community Chest budget for the year 1950 outlined by Dr. Harold Gibson, chairman of the Chest budget committee.

A goal of \$45,000 for the Morgan County Chest was announced by Dr. Gibson to be as follows: Y.M.C.A., \$14,638; Salvation Army, \$4,200; Girl Scouts, \$5,234; Boy Scouts, \$6,790; Ill. C.H.A., \$1,500; U.S.O., \$2,700; campaign expense, \$5,400; community chests and councils, \$150; office and collections, \$840; shrinkage, \$2,072.60; reserve, \$1,475.40.

Dr. Gibson introduced John C. Koch, Chest Campaign Director, and explained why the community was employing outside help this year. Dr. Gibson pointed out that many communities were following this policy and that rarely could any community find a group of men who could give enough time needed to carry on the details of organization for a campaign.

Lee Caldwell, chairman of the campaign executive committee presided at the meeting, and presented Lee Sullivan, who welcomed those attending. Acting as hosts for the meeting with Mr. Sullivan were Leland Perbix, Earl Hembrough, Carl Hamilton, Byron W. Stewart, W. O. Randall and Lee Caldwell. In addition to the hosts the following were seated at the head table: Rev. Clair Malcomson, Dr. Gibson, William L. Fay, Mrs. Orville E. Foreman, W. H. Kurtz, Clarence Muehlhausen, Crit Haneline, Major Henri Servais, Dr. Robert Hartman, Mayor Ernest Hoagland, Rev. Harris Pankhurst and Father John Morris.

Committee Leaders
William Randall, president of the Chest, introduced the following who will occupy positions of leadership in the current campaign: General Chairman, Dr. Robert Hartman; Special Gifts Co-chairmen, L. T. Oxley and John Bellati; Employees committee, Co-Chairmen, Harry Hammett and Junior Lukeman; Clubs and Organizations, Co-Chairmen, Mary Postlewait and William L. Fay; County Chairman, Earl Hembrough; Co-Chairmen, Leland Perbix and Clarence Muehlhausen; City Chairman, Wilbur Rogers.

Chairman Hartman emphasized that the campaign would have two underlying fundamentals, first, ALL the people will be approached and asked to give generously within their means; and second, they will be asked to gauge their gifts on a plane commensurate for ONE campaign for SIX agencies.

To Solicit All
The Special Gifts committee will approach the more able and substantial givers, knowing that if that group accepts its full share and responsibility, others all along the line will do the same. Clubs and organizations—social, fraternal, civic and religious groups—will be given an opportunity to participate as groups, with the understanding that the individual responsibilities of members of the Chest will still pertain. The Employees Division will seek the cooperation of management on a plan whereby the man or woman who gets paid by the week can be helped to participate generously through the payroll deduction plan, or similar device. Employees will be asked to give a day's pay or one hour's pay per month for twelve months to the Chest. City and county organizations will be approached later.

Chest Campaign Approved
The following county citizens spoke briefly regarding their interests in the Chest and their concern for a successful campaign: City of Jacksonville, Mayor Hoagland; representing business, Waldo McCreery; representing labor, William Mitchell, Cloyd DeFreitas and Lowell Smith; representing industry, Robert Hill; for county men, Mrs. Roy Davenport; for county men, Byron Stewart; representing Jacksonville institutions, Dr. Lewis Belinson; for the women of Jacksonville, Dr. Mary Louise Newman; for veterans and service men, Joe Doyle; for professional men, Dr. Ellsworth Black.

Rev. Harris Pankhurst, Congregational church, summarized the events of the evening, and impressed on all present the importance of the Community Chest to our American Way of Life.

Annual Meeting Of Home Bureau Members Today
At today's annual meeting of the Morgan-Scott Home Bureau Mrs. A. B. Applebee will be the speaker of the hour. Her topic is "Highlights of My Trip to Europe." Every lady of the two counties who is interested is cordially invited, whether or not she is a member.

The meeting will be held at the Centenary Methodist church at 10 a.m. Tuesday. Registration will begin at 9:30, and the unit having the largest attendance when the meeting begins will receive the gavel. Each member having perfect unit attendance for the year is to be given a rose. The members of the executive board will give brief resumes of their year's work.

A noon luncheon will be served at the church.

SUPT. VICTOR ROBERTS TO ADDRESS LAYMEN
The first autumn meeting of the United Methodist Men's Brotherhood will feature Rev. Victor Roberts, the new superintendent of the Jacksonville district, as speaker of the evening. The group is composed of men from the Methodist churches in and around Jacksonville. They will meet at 6:30 p.m. Thursday at the Concord Methodist church for a dinner and the program, which will include a group sing and other entertainment.

Reservations may be made through Methodist pastors or lay leaders.

HOMECOMING QUEEN RECEIVES CROWN

An impressive coronation ritual marked the climax of Illinois college's annual homecoming celebration Saturday night when Miss Faith Metzler, a junior student from Metzer, was crowned queen, during the homecoming dance held at the I. S. D. gymnasium. The dance attracted an overflow crowd, which formed the grand march preceding the coronation. Leading the procession were the queen's two attendants, Miss Dorothy Cobb of this city and Miss Mae Carlson of Chicago.

Funeral services for Claude Kenneth Suter, 41 year old Jacksonville man who was found dead in an overturned car early Sunday morning, will be held at the Cody & Son Memorial Home at 2:30 o'clock this afternoon. Rev. William H. Spencer of Central Baptist church will officiate and burial will be made in Jacksonville East cemetery.

His companion, Richard Cruzan, 27, remained in a serious condition at Passavant hospital Monday night, suffering from a severe head injury.

The exact time of the accident was not ascertained by a coroner's jury, which last night investigated Suter's death. Neither was the jury able to learn which of the two men had been driving the car, owned by Cruzan, when it left U. S. 36 about three miles east of Alexander.

A statement given by Cruzan to Deputy Coroner Roy Covington said the injured man could remember nothing of the crash. He estimated the time at "before midnight" and said he and Suter were enroute to New Berlin.

Headlights Attracted Help
Early morning motorists saw the burning headlights of the overturned vehicle. Sheriff Ralph Bourn told the jury that he was notified of the accident at about 4 a.m. Sunday. Suter was dead and Cruzan was unconscious when Bourn and other officials arrived.

Suter, who was employed as a Standard Oil station attendant at South Main street and Beecher avenue, is believed to have died instantly from a crushing injury to his head.

Landed In Field
The left side of Cruzan's 1935 Chevrolet sedan was caved in when it landed in a field, several yards from the highway. Tire tracks showed that the car ran off the south side of the pavement, crossed to the north side, knocked down a wire fence and sideswiped a telephone pole.

The badly damaged car was towed to the Lukeman Motor Co. garage. The left side was sheared away and the top dented by the impact with the pole and earth.

Sheriff Ralph Bourn went to the scene of the accident, where he was joined by Sgt. Frank Metzger and officers Dale Templeton and Louis Seman of the state police department.

Native Of Winchester
Suter was born June 12, 1908, at Winchester, the son of William H. and Ida Stice Suter, who reside at 402 East Court street. He is survived by his wife and one son, Gary; his parents; three brothers, Ray and Russell of Springfield, and Jesse of Jacksonville; three sisters, Mrs. Jack Jennings of Springfield; Mrs. Marion Sims of Petersburg, and Mrs. Ray Edgar of Fort Wayne, Ind.

Those testifying last night were Sheriff Ralph Bourn and Garrett Cruzan, Richard's father.

R. H. Harper was foreman of the jury. Other members were D. P. Johnson, V. C. Schofield, Frances May, Lottie E. Hutchins and Lorene Keirl.

Nancy Schindler was the inquest stenographer.

Magic And Music On Berea Program For Young Adults

Berea—A magician, Edward Hopper, performed for an appreciative audience of 80 at the Young Adult class party Sunday evening at the Berea Christian church. Robert Foster acted as master of ceremonies, introducing Russell Vernon, who led the group in singing many old songs. He also played several selections on the piano.

Costume prizes were won by Mae Edmonds, Frankie Foster, Jeanie Smith, Eugene Grady, Mary Katharine Grady and Phyllis Stewart.

Pumpkin pie, cider, coffee and cocoa were served at the close of the evening. Since there was a surplus of pie, George Lewis auctioned them off to the crowd.

The committees were Mr. and Mrs. Robert Williams, Mr. and Mrs. Robert Foster, Lloyd Meyer, Rita Jean Nall, Emily Baker, Bernice Martin, Bobby Martin and Donald Flinn.

Hart's Community Has Wiener Roast, Music And Dancing

Music and dancing characterized the monthly meeting and annual wiener roast of the Hart's Community club, held Friday night at the school. The music was furnished by Willie McCallister, Henry Peters, Clyde Preston, Clifford Walker and Carl Lawless.

"Dark Town Strutters Ball" and "A, You're Adorable" were sung by Joan Ponds, "Footprints in the Snow" and "Kentucky Waltz" by Willie McCallister, and "Wedding Bells" and "In Reno, Nevada" by Dwight Preston.

The social committee was composed of Mr. and Mrs. Carl Lawless and Mr. and Mrs. Charles Craddock, and the program committee of Mr. and Mrs. Joe Schofield and Mr. and Mrs. Henry Schofield.

Mrs. Opal Schofield, president, presided over a short business meeting. Mrs. Mildred Craddock read the minutes and Mrs. Iva Lou Hart gave the financial report.

New members welcomed into the club were Mr. and Mrs. James Burke, Mr. and Mrs. Dean Kehl, Mr. and Mrs. J. D. Erikson, Mrs. Carl William Lawless, Dwight Preston, Mr. and Mrs. Clifford Walker and Mr. and Mrs. Stanley Clayton. Mr. and Mrs. Albert Herring and Lucy Jane and Carl William Lawless renewed their membership, bringing the total up to 60.

Guests present were Mr. and Mrs. James White, Mrs. Bess Schofield and Earl and Bessie Jane Schofield, Ed Coats, Phyllis and Linda Peters, Willie and Frances Watret, Donald and Betty Worrall and Carol and Darrell Lewis.

The president announced a November social committee of Helen, Sarah and James Hart and Mr. and Mrs. Frank Hart, and a program committee of Pauline Hart, Virginia Schofield, Billy Hart, Russell Schofield and Clarence Bettis. Refreshments will be announced later.

NORTH UNION SCHOOL PLANS HOT LUNCHEONS
The North Union school is to begin its hot lunch program this week. Mrs. Robert Houston reported at the Friday night meeting of the North Union Community club, held at the schoolhouse, Mrs. Paul Baptist will be the cook.

A masquerade party was the feature of the meeting, and prizes were awarded to the best dressed. Motion pictures were shown by Donald Arthur, Pumpkin pie and coffee were served.

The program committee for next month consists of Mr. and Mrs. Bote and Mr. and Mrs. Canavan, and the refreshment committee of Mr. and Mrs. Bob Houston and Mr. and Mrs. Howard Houston.

Authorities Continue Search For Burglar Hurt In Gun Battle

Jacksonville and Morgan county police officers were investigating several new clues late Monday night in their efforts to round up a man who broke into the V. F. W. home east of the city Sunday night. The invader escaped after a gun battle with the custodian, Clarence Day, 55 year old Jacksonville man, leaving a trail of blood from an upstairs room to a car parked in the driveway.

Ten revolver and rifle bullets punctured the door of Day's bedroom in an exchange of gunfire which followed the custodian's refusal to open the door.

The burglar, who is believed to have visited Day's room on the second floor for the purpose of overpowering him, with a view to robbing the safe, shot six times with a .38 caliber revolver. Most of the bullets are believed to have missed the custodian by inches as he crouched in the darkened bedroom.

Returns Fire
Day seized his automatic .22 rifle, firing four times through the door at the intruder. After the fourth shot, Day did not hear the burglar again, but believes that he remained in the hallway for several minutes.

"I was asleep in bed when someone pounded on the door and woke me up," Day said Monday as he recounted his close brush with death.

"I said 'who is it,' and the man outside my room said 'open the door, Pap, and let me in.'"

Day is familiarly called "Pap," and the fact that the burglar used that name indicated that he knew the custodian.

Chain Holds Door Shut
The burglar then kicked the door, causing it to open about four inches to the length of a stout brass chain attached to the casing. The chain prevented the door from opening wide, and probably saved the custodian from death as he gave battle to the burglar.

A hail of bullets penetrated the door from the outside, while Day felt around for his rifle which was nearby his bed. He came up shooting in the direction of the door.

An inspection of the door Monday showed all bullets fired by both the burglar and Day went entirely through the wood. Some of them struck a radiator—others hit window casings and the wall.

Day was in an awkward position of fire. He considers his escape almost miraculous.

After the sheriff and officers arrived at the V.F.W. Home, the custodian became nauseated as the result of his harrowing experience, but recovered soon and helped officers in their search.

"I don't know how he missed me," Day told officers and friends, as he looked at the bullet holes in the door and walls.

The sheriff and deputies by the aid of flashlights tracked the burglar from the kitchen door to a driveway, about 50 yards away, where the wounded man is believed to have entered an automobile. Bloodstains were easily visible on the leaves and earth.

The burglar also left a trail of blood down the driveway. No reports of gunshot wounds had been made by hospitals or physicians in this area Monday.

Day was awakened about 11 o'clock. He reported the shooting 20 minutes later, when he thought the burglar had left the hallway. He did not hear the intruder descend the stairs, or the getaway car if one was used.

Belle Safe Was Object
Officials investigating the shooting believe the burglar expected to "bluff" the custodian into accompanying him to the first floor, where the safe is located. Had the custodian been overpowered, the burglar would have had the remainder of the night to work on the safe without being detected.

Day was the only person in the building after the V.F.W. closed at 6:30 o'clock Sunday evening.

This was the second time the home has been burglarized this month. On
